

Growing in Greene

Special Progress Edition Part I & Part II

This is a unique opportunity for a feature story about your business to appear in the GreeneSaver, the most widely circulated publication in the local area. "Growing In Greene" is a Special Progress Edition of the GreeneSaver which, as always, will be direct mailed to every residential and business address in Greene County and bordering communities. Two special issues include photos and feature articles for select advertisers...highlighting expansion, growth, and simply the unique brand of personal service or products that attract consumers and clients.

Your business is spotlighted in article format in one of the most powerful and effective advertising mediums in your market area. **There are no additional fees or increased costs.** Advertising rates for "Growing In Greene" remain the same cost-efficient rates we always offer. Actually, rates even lower than our regular rates are available through the first quarter discount packages. And here's the best part...you don't have to lift a finger. No forms to fill out or questionnaires to answer. The same goes for photos. We do all the work.

In-Home Arrival Date - Part I - February 27th

In-Home Arrival Date - Part II - March 26th

Deadline to Reserve Space - February 14th - Part I

**Deadline to Reserve Space - March 14th - Part II
